## Full-Stack Web Developer

An ambitious newly educated web developer, I have since my arrival to Denmark worked hard to make a career switch from HVAC Engineer to web developer because I like programming. I very hard-working who's passionate about building beautiful, responsive websites and apps, always eager to adapt myself to new technologies and expanding my knowledge. I have been recognized for my commitment and ability by previous employers. I handle multiple tasks on a daily basis competently, and am working well under pressure.
